Vintage Type Kerosene Lamp Modified into an LED Wall Lamp

LED equipped ethnic kerosene type wall lamps developed by Pristine Harvest.

We provide lamps with high quality LEDs arranged in circular layers of 8 LEDs, each with a power rating of 2 W. You can select the number of LED layers depending on the brightness required by you.

(Sample photo of kerosene lamp; actual product varies from this photo)

Power source: Mains (230 V and 110 V AC) or Solar (7.5-25 V DC) powered.

Power consumption: 2 to 20 W, according to required brightness.

Switch Type:

- 1) Standard wall switch;
- 2) Sensor based- Motion detector switches on the lamp when movement is sensed;
- 3) Timer based- The lamp can be programmed to switch ON at the same time every day for a set duration;
- 4) Emergency type- The lamp switches ON during power outages at night;
- 5) Remote control switching and brightness control.

(Switch Types 2, 3 & 4 are provided with Lithium ion batteries for internal backup)
