Fairlite 81A LED Lamp (6 Watt)

The **Fairlite 81A** wall mount LED lamp combines efficiency, durability, and elegance at an affordable price.

The lamp swivels horizontally as well as vertically, beaming light where you want it most.

A large number of low intensity LEDs are used to provide sufficient light.

Being spread out, shadow edges are less distinct and illumination feels natural and comfortable.

The lamp has air vents all around to allow the LEDs to dissipate heat.

Manufactured in a socially and environmentally friendly manner by:

The internal switching circuitry is mounted on a suitable metal heat sink.

The lamp uses LEDs that provide uniform intensity over a wide beam angle of 120 degrees.

The housing can be wall hung on nails.

The lamp works directly and efficiently on AC mains.

DC models are also available that work on stored solar energy without invertors.

Light source: 81 LEDs.

Power consumption: 6 W.

Power source: AC mains (110/230 V).
