## LED Path Light

Pristine Harvest's Path Light Model PL 5.8a illuminates passages up to 10 feet in width. The light cast by 4 high performance LEDs is uniform. The PL5.8a is designed to provide light only on the pathway itself and does not hit your eyes. Lighting colors available are in cool, neutral and warm white.

Pristine Harvest can arrange for an automated system (running completely on solar or wind derived electricity) for these path lights to switch on and off depending on the sunlight available.

Light source: 4 LEDs.

Power consumption: 1.5 W.

Power source: 12 V DC (Battery/Mains powered).
